Day 1 Reykjavik

Arrival at Keflavik airport. The transfer to Reykjavik is not included in the tour. We will be happy to arrange the transfer to Reykjavik by private or shared transport, let us know at the time of booking. If you arrive early in Iceland you can add one more day to your tour. We will make suggestions according to your interests. One of our favorite activities after a long plane trip is to visit one of the local geothermal pools. You may also be interested in walking through the old city center, visiting one of its museums or having a coffee in a cozy cafeteria. Night in Reykjavik. Reykjavik offers a multitude of restaurants and / or cafes, which makes dinner a great way to get to know Iceland's capital better. Free night. Dinner is on your own.

Important: Check-in time in most Iceland hotels is between 2:00 p.m. and 4:00 p.m. (2:00 p.m. and 4:00 p.m.). Please note that early check-in is not included in the price of this trip.

Day 2 Reykjavík –Snæfellsnes – Reykjavík

Buffet breakfast. The Snæfellsnes peninsula is a unique area with a variety of geological attractions such as lava fields, volcanoes, glaciers, springs, beautiful lava formations, black sand beaches and caves. Known as the “essence of Iceland”, this area concentrates all the variety of natural landscapes of the island in the quiet and remote natural park of Snæfellsjökull. In this region is the Snæfellsjökull glacier, from which you will have a beautiful view during our day tour. This glacier and the natural wonders that surround it inspired Julio Verne to write his famous novel "Journey to the Center of the Earth." On the tour you will see Búðir, a very impressive area where you can admire a unique landscape composed of hills, lava field and a beautiful beach and at the same time feel the proximity of the glacier. Arnastapi offers a good opportunity to walk along its beautiful cliffs. Accommodation in Reykjavik.

Dia 3 Thingvellir - Geysir – Gullfoss – Selfoss

Breakfast buffet. Start the day by visiting the fascinating Center of the Northern Lights in Reykjavik to attend an interesting and informative presentation about the northern lights. After this visit we continue to the Thingvellir National Park (World Heritage Site), where the oldest parliament in the world met for centuries, on the banks of Thingvallavatn, the largest lake in Iceland. It leads to the town of Laugarvatn, located in a geothermal area. Here the group will make a tasting of hot rye bread served with a delicious Icelandic butter. This bread has been cooked underground thanks to the existing geothermal energy in this region. It

Breakfast buffet. Today we continue along the South Coast. One of the beautiful regions of Iceland to visit during the winter. This is one of the main agricultural regions of the country. During the tour you can see some typical Icelandic farms, often with Icelandic horses in the fields. Today we will visit the interesting Lava Center information center, in the town of Hvolsvollur. The LAVA center is an interactive, high-tech and educational exhibition on volcanic activity, earthquakes and the geological creation of Iceland millions of years ago. Enjoy the exhibition and a film about Icelandic volcanoes at the center's cinema. You visit two of the spectacular waterfalls in this area, Seljalandsfoss and Skógarfoss. If the conditions of the trails allow it, you can walk behind the Seljalandsfoss waterfall. Continuation of our tour through the region where Myrdalsjökull is located, the fourth largest glacier in Iceland until reaching Reynisfjara beach, to take a walk along the black sand beach and admire the extraordinary basaltic rock formations, and the thunderous waves of the Atlantic Ocean. Cross Eldhraun, vast lava fields created by an eruption in the 18th century, on its way to the southeast of Iceland. The winter snows turn the landscape into a very mysterious scenario. **Dinner.** Night in the Kirkjubæjarklaustur region.

Day 5 National Park Vatnajökull - Lagoon glacier Jokulsarlon

Breakfast buffet. Today we visit the region of the Vatnajökull National Park and the Jokulsarlon glacier lagoon, located at the

foot of the Breidamerkurjökull glacier. In Jokulsarlon you can enjoy an impressive view of the icebergs that float in the waters of this lagoon, whose depth is 180 meters. Right next to Jokulsarlon is a black volcanic sand beach known as Diamond Beach, where blue, white and transparent icebergs travel from the glacier lagoon and sit offering a wonderful landscape. Continue to the Skaftafell region, a site of great natural beauty, integrated into the immense Vatnajokull National Park. The name of the park comes from the Vatnajokull glacier, the largest in Iceland with about 8,000 square kilometers of extension. Later, observe Svinafellsjokull, one of the most beautiful glacier tongues, which extends slowly from Vatnajokull. After an unforgettable day, return to the hotel for dinner and overnight. **Dinner.** Night in the Kirkjubæjarklaustur region.

Day 6 Volcanic Areas - Hveragerði - Blue Lagoon - Reykjavik

Breakfast buffet. Departure to the Hveragerdi region, one of the few sites in the world located directly at the top of a geothermal area. Hveragerdi is often called "the village of flowers" due to its many heated greenhouses thanks to the geothermal energy in this area. Take the southern road and follow the coast with its incredible waves, pass through a deserted area where a thriving community in the region was located. Travel through the lunar landscapes of the Reykjanes peninsula, a UNESCO heritage geopark known for its unique geothermal activity. Here you will have the opportunity to take a relaxing bath in the famous Blue Lagoon, a unique wonder of nature with warm waters, rich in minerals and located in the middle of an immense lava field. Return to Reykjavik.
